

### **A new dimension of Branäs/Nordvärmland**

“Surfing/SUPing” on the river Klarälven is enjoyable for most people between 9 and 70+ years old. You should be able to swim and have some balance & coordination. But even beginners who have never been standing on a SUP before can easily manage our nice & beautiful, meandering tour from Branäs to Likenäs 😊. It is possible to (at your own responsibility) bring a child on the board. Life jackets or buoyancy aids are mandatory, of course!

We rent out steady, high quality SUPs from the Swedish brand Black Cat. We have 3 different models – from wide & very steady to longer and slimmer for a fast and straight track and touring feel. Our SUPs can easily take the weight of an adult + a child.

You decide if you want to paddle fast, swing back and forth and explore all parts of the river or if you are happy to just calmly slide with the current channel and steer the board in the right direction from time to time.

The trip from Branäs to Likenäs takes about 2 hours if you paddle calmly and nicely. But you have an extra hour to make sure you take it easy.

No waves, no worries! Take a break, go ashore, explore the banks, beaches & meadows – swim, play, eat, have fun!

Wear clothes according to the weather. Bring a towel, extra clothes & a water bottle. Waterproof bags are available to borrow.

## IMPORTANT THINGS TO THINK ABOUT BEFORE & DURING YOUR EXCURSION ON THE RIVER:

You are visiting a nature area that is unique & precious, in many places untouched & above all vital for many plants & animals. Be nice to the nature around you and show consideration for the animals & other people you may encounter 😊.

Never throw rubbish in nature or the water. Gather all rubbish in a bag to throw in recycling or bin later.

**Clothes according to weather!** If the weather report shows rain - bring rainwear. Sunny & warm? - Sun protection & swimwear! A windproof jacket & warm undergarment is nice to wear when it is windy.

**Bring towel & change and a water bottle.** If someone ends up in the water - go ashore to dry & change. Help each other to get steadily up on the board again next to the beach. Remember to always wear a life jacket when you travel on the SUP.

Also show consideration for your fellow travelers - the paddle should be used for paddling, nothing else. Do not disturb others traveling on the river. Never push anyone off a SUP.

Keep course in the stream or where the water is calm - do not paddle where the water rushes due to rocks or other objects below the surface. You can easily lose your balance if hit the bottom or get stuck in something – also the equipment can be damaged.

You have time to make one or two stops along the way (about 45 min stop if you keep up ok paddling speed the remaining time). Maybe you want to have a coffee, some picnic food, change clothes or swim...

**NOTE! Do not light a fire on the beach or along the shoreline.** Burning may only take place where there is a prepared barbecue area and unless there is a fire ban. There is a nice barbecue area starting point – Branäs beach. Fire carefully & always put out the fire properly after you.

If you want to go ashore - choose a place where it is easy to stop & pull the SUP up. Never leave the SUP in the water, but **CAREFULLY LIFT UP THE SUP** & place it in the **SHADOW** with the **FINS FACING UP** so that they are not damaged. (Remember that you will be liable for payment if the fin, SUP or other equipment is damaged during your rental period)

**ENJOY!** The very best thing about SUP is that you become one with life in the present. Everything that is important happens right where you are & you can alternate active sporting with total relaxation. Try standing up, sit or just lie down resting on the board for a while. Take a deep breath, feel the SUP and how the stream is leading you south...

Hope you'll have a great trip on the river!
